

*Guaranteed on time completion with minimal disruption. Let CDC create your dream fitout*

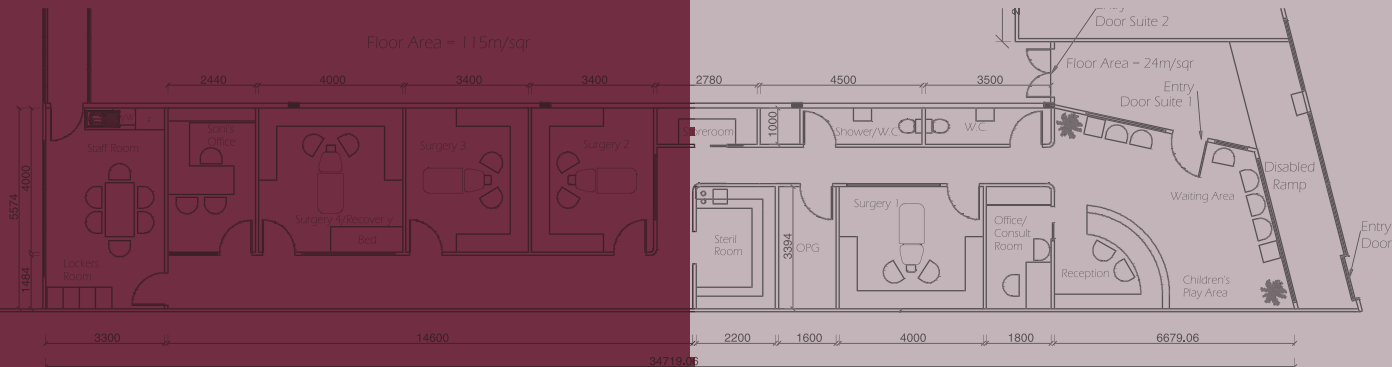

**CDC**  
CUSTOM DESIGN CONSTRUCTION

With over 22 years of experience. Custom Design Construction will bring your fitout to life, from design to completion.

At Custom Design Construction we specialise in creating the very finest dental, medical and officeresidential environments. We have developed a business which is born from the determination to be the best and to deliver the best without any compromises. On time, with minimum disruption, to deliver you, your finished project for all to enjoy.

We take your project from concept to completion and provide a full fit out service from small units to large refurbishments, concept designs to full architectural designs and drawings.

At Custom Design Construction our philosophy covers 3 basic areas:

- Customer satisfaction
- Functional designs
- Guaranteed minimum disruption

- Design
- Construction
- Fitouts
- DA / CC Approval, Preparation & Assistance
- Project Management
- Joinery

Contact us today for all your building needs.
